Professional Summary

Senior Software Engineer with 3 years of experience in Frontend. Developing and maintaining web applications using React, Angular, Redux, JavaScript, TypeScript, HTML, and CSS. Proficient in managing multiple projects simultaneously, mentoring junior developers, and ensuring high-quality code through agile methodologies. Strong analytical and communication skills, coupled with a quick learning ability and a team-oriented mindset.

Work Experience

Senior Software Engineer

Invimatic Technology, Pune

April 2023 - Present

- **Managing and developing** two distinct web applications, a Console application in **Angular** and web app in **React** which focus on event management.
- **Led the implementation of key features** in the Angular application, including the customized event map feature and RSVP.
- Developing and maintaining applications using Tailwind CSS, Formik, and custom components.
- **Managing multiple projects** simultaneously while meeting tight deadlines.
- **Mentored** newly hired software engineers through routine coaching and training opportunities.
- Designed, developed, tested, and deployed high-quality applications utilizing Agile methodology.
- Added test cases in Cypress for enterprise-level applications.
- Analyzed user needs to determine technical requirements.

Software Engineer

Invimatic Technology, Pune

August 2021 - April 2023

- Maintained legacy codebase while refactoring parts of the application to use newer technologies like React.js and Angular.
- Collaborated with a cross-functional team to deliver a **Banking Product** and a **Fractional Real Estate Investment Platform**.

- Implemented **Redux & Redux-Saga** as the management tool in the application.
- Achieved **90% test coverage** using **Jest** for three different applications.
- Utilized Formik, Material UI, and React Router across all projects.
- Conducted functional testing of new features and defect fixes.
- Used **Git** for version control and tracking source code changes.

Skills

- **Front-end Development:** React.js, Angular, TypeScript, JavaScript/ES6+, HTML, CSS, Tailwind CSS, Material UI (MUI), RESTful APIs integration, React Hooks.
- **Frameworks/Libraries:** Angular, ReactJS, Redux.
- **State Management:** Redux, Redux-Saga, Context Hook.
- **Testing:** Jest, Cypress, Enzyme, React Testing Library.
- **Programming Languages:** JavaScript, TypeScript.
- **Tools & Technologies:** GIT, SQL, Formik, React Router.
- **Other Skills:** Bug fixing, Code optimization, Debugging, Problem-solving.

Professional Attributes

- Excellent communication skills with a strong ability to articulate technical concepts to non-technical stakeholders.
- Highly organized and capable of managing multiple priorities in a dynamic, fast-paced environment.
- Strong problem-solving skills with a focus on delivering business-driven solutions.

Education

Bachelor of Engineering

Pune University

CGPA: 7.00

2020
